MEMORANDUM, FLIGHT CREW OPERATIONS DIRECTOR DONALD SLAYTON TO APOLLO SPACECRAFT PROGRAM MANAGER RE: LRV HANDCONTROLLER GRIP CONFIGURATION

IN THIS MEMORANDUM TO THE APOLLO SPACECRAFT PROGRAM MANAGER, FLIGHT CREW OPERATIONS DIRECTOR DONALD SLAYTON RELATES THE CREW EVALUATION ACCEPTANCE OF MSFC'S PROPOSED HANDCONTROLLER GRIP FOR THE LUNAR ROVING VEHICLE.
Memorandum

TO:  Manager, Apollo Spacecraft Program

FROM: CA/Director of Flight Crew Operations

SUBJECT: Handcontroller grip configuration

NASA hand-delivered a proposed handcontroller grip for crew evaluation on May 4, 1970.

This grip has been reviewed by FCSD and CB and is considered satisfactory for LRV operation.

Acceptability of this handcontroller grip was made known to S. Romano (MN-TUM) and S. F. Moore (MSFC/8) on May 6, 1970 during the LRV program review in Goleta, California.
